

Evaluation of Employees
E-140-P

In alignment with the commitment to recruit and retain highly qualified staff members, the District administration will develop and implement an evaluation system for staff members of the District. The evaluation of professional staff members will comply with applicable laws and DESE regulations. Supervisors will be trained on the evaluation tools which they are responsible for using and staff members will receive information about the standards by which they will be evaluated for a given year. The Board will be responsible for the evaluation of the Superintendent.
