

NORTH PLATTE R-I SCHOOL DISTRICT

North Platte Panthers

Spring/Summer 2020

From the Superintendent:

As we have now passed the end of what was scheduled to be our last day of classes in the North Platte R-I School District, it is sobering to think back about all that has transpired during the last two months. Throughout this very difficult stretch in our country's timeline, we have attempted to do all that we can to assist our students and families in our community.

North Platte last held in-person classes on March 11. Since then we have been under first county health department and then state orders to hold classes through distance learning platforms. Following these developments, our administrative team met to formulate these goals and priorities to meet the educational, developmental, and health needs of our students and to ensure the long-term stability of the district:

1. Ensure the health and safety of our students and staff.
2. Monitor and evaluate the fluid conditions surrounding the current national health emergency to help determine a possible resumption of school.
3. Implement a form of distance education that prioritizes both student learning and well-being.
4. Implement a program to assist in meal preparation and delivery to our most needy students.
5. Develop a plan for future implementation if another long-term closure is necessary in the future.

6. Develop a budget that will stabilize the district through the inevitable financial shortfalls and other potential crises through the 2020-2021 school year and possibly beyond.

We believe we have been able to implement a form of distance learning for our students. However, there are many challenges to that. A large issue is the lack of strong internet access for many of our families, either due to cost or, most commonly, living in an area that has weak cellular coverage. We have provided paper copies to these students upon their request, but if the shutdown continues into the fall, we will have to increase our ability to reach all of our students more efficiently. This would also require extensive professional development for our staff, as well, to assist them in their instructional techniques through the various online platforms.

Another major initial priority was providing food for those students who needed it most in our community. It took some maneuvering through the federal guidelines (and, frankly, waiting on them to give schools waivers), but we were able to provide two free meals per day through our food service program with OPAA!. We are planning on running this program through June 30 for all students in the district aged 1-18. We are currently serving meals to over 200 students per day. If you would like to be added to the list please

email Sonydra.Stubbs@nppanthers.org.

I am frequently asked about our plans for summer school, summer activities, and, most importantly, the start of the 2020-2021 school year. The Missouri School Boards Association recently put out an extremely lengthy document on recommendations for the resumption of school. This has generated a lot of concerns and questions. It is important to note that while our district is a member of MSBA, they do not hold any governing power over the district. The priority level on decisions to determine how and when school will be resumed will be made, in order of authority, by the Governor, the Platte County Health Department, the North Platte Board of Education, and the North Platte administration. We will, of course, provide information to the public as it becomes available.

I want to thank our students, parents, staff, and community for all of their hard work and flexibility throughout this process. Please contact me at 816-450-3511 or karl.matt@nppanthers.org if you have further questions at this time.

MEET THE SCHOOL BOARD CANDIDATES

****Election has been moved to June 2, 2020**

Briefly summarize your background:

Bennett French

I have lived in the district since 1978 and graduated from NPHS in 1989. After graduation I attended Northland Career Center and graduated with V.I.C.A honors in H.V.A.C. I married Rachel Boydston in 1993 and have chosen to raise my three kids Ben, Lonee and Gus in the district. I have been employed with Cereal Ingredients Inc. in Leavenworth, KS as Operations Director for the past 14 years.

Jennifer Hernandez

I've lived in the District all my life. I'm a 1994 NP graduate. I'm married to Steve with 3 boys: Austin, Anthony and Andrew. I'm employed with Nash Gas Company.

Jeffrey Hinton

My wife, Kimbrey, and our three children (Reece— Junior, Carly-Freshman, Charlie-3rd grade) have lived in the district for 5.5 years. I grew up in St. Joseph, MO and graduated from DeVry. I am starting a new job as IT Manager at Commerce Bank this spring.

James Kubly

I have lived in the school district for over 30 years. I attended NP, grades 1st-12th and graduated in 1993. I have a loving wife (Amy Kubly) and an awesome 8 year old son (Creighton Kubly). I have worked for Clark Construction Group, LLC for 11 years as a Safety Manager and we are in the process of building the KCI Airport New Terminal and Parking Garage.

What attributes do you have that will serve as an asset as a board member.

Bennett: I am level headed and think things through. I will listen to the parents, students and patrons of the district and bring their concerns and issues to the table as their board member.

Jennifer: I'm a good listener. I will listen to of the District and bring their concerns and issues to the table as their board member.

Jeffrey: I am a strong leader, with great organizational and communication skills. I have high parents, students and patrons expectations for quality education.

James: I have been part of this community since I was 5. I believe I would like to help both grow and prosper and take North Platte in a positive direction in the following years. I presently manage over 600-700 individuals daily and have a keen knowledge of management. I believe having this position would also help me when making decisions on the board, finding common ground between parents, staff and community. I am kind, trustworthy, possess keen management skills, hard-working and I believe that these skills would allow me to make the right choices for our school and community.

How would you define your role as a board member?

Bennett: I will serve as an advocate for the parents, students and patrons of the district. I will work diligently with the Superintendent and current board members to achieve the goals and responsibilities that are in the best interest of the student's education.

Jennifer: I'd work with the superintendent and current board members to achieve the goals and responsibilities that are in the best interest of the student's education.

Jeffrey: My role would be an advocate for the school community, while providing a leadership role. I will demonstrate accountability while maintaining responsibility with educators for the performance of the schools and students.

James: I believe that having goals, finding avenues to reach those goals and believing in our districts success goes a long way to my success as a board member. I would like to understand our districts vision and help in reaching that vision by being active in the community and open to ideas from all.

As a representative of the district patrons, how would you go about encouraging their input so that you accurately represent their beliefs?

Bennett: I would encourage them to get involved and attend board meetings.

Jennifer: I'd encourage them to come up to me. Communication with the patrons is essential. I'd also encourage them to attend board meetings and get involved.

Jeffrey: I would be open to the community's concerns, and be responsive to their input, while keeping the primary focus on what is best for the students.

James: I believe that in this day and age, social media is by far the best way to reach out and see what our community wants. This cannot replace one-on-one time with patrons, however, it is a way to reach out and find a baseline to build on. Surveys, posts, fliers, back pack mail, etc. are all forms of ways to engage and communicate with the districts patrons and learn more about the wants and needs of those in our community and will allow me to be able to represent them more efficiently.

What do you see as the strength(s) of the district and what area(s) would you work to improve in order to strengthen the educational program offered by the district?

Bennett: Although I am pleased with the current educational program, there will always be improvements to be made to keep up with technology and the future of education.

Jennifer: Students, parents, faculty and community members are the strengths. There will always be improvements to keep up with technology and the future of education.

Jeffrey: One of the biggest strengths of the district is the sense of community pride, and a great education system with a small class setting. I would work to maintain quality educators and keep a high level of curriculum, while being financially responsible for the district.

James: I see academics as a strength to our district. I think that our focus on academics is positive and will take our student body quite far in life, however, I believe that we are lacking when it comes to offering electives and other programs for the students that might not excel fully in academics.

NEWS FROM THE SCHOOLS

Elementary

Due to the COVID-19 closure, the fourth quarter has been like no other we have ever experienced. Staff and students had to adjust to a new normal with virtual learning. I am grateful to teachers, students, and parents for coming together to make the education of our students a priority. Through virtual lessons, Zoom meetings, and many people working towards a common goal our students have continued to learn and grow through this chaotic time. We are all looking forward to getting our students back into the building and into our classrooms. We ended the third quarter as the closure started. Let's take a look back on all the great things that happened during that time.

Students at North Platte Elementary had been hard at work keeping on track with the lessons and still finding some time for fun. NPE celebrated Read Across America week with themed dress up days and a coin drive. Ms. Buckler's class won first place, Ms. Northern's class came in second, and Ms. Sherk's class was third. All the students earned a popsicle party for their participation. The students had a wonderful week enjoying many Dr. Seuss books. NPE students also enjoyed the high school musical "Fiddler on the Roof". It was a great show!

Kindergarten had a very busy quarter. The students studied the solar system, made

space costumes with their families, and had the opportunity to try to eat space food during the Space Day celebration. We also talked about the moon and the different phases of the moon and why it changes. The classes wrote about snow and the groundhog. The first week of March we celebrated Dr. Seuss by having a spirit week. Then we celebrated on the March 6th by doing several Dr. Seuss activities.

In first grade we had an exciting third quarter! We learned about the impact that the sun, moon, and stars have on the Earth. During writing we had many New Years, Valentine's Day, and St. Patrick's Day prompts to extend their imagination. Fun crafts were displayed in the hallway that accompany our writing activities. In reading, we learned about the process of growing and selling food, how animals interact with each other, and how a play is written and performed. Students really enjoyed reading scripts, while expressing themselves through the different plays we performed. In math, we continued with addition and subtraction.

Second grade had a very full third quarter! We got to hold 2D and 3D shapes as we learned to sort them based on their faces, sides/edges, and vertices. Also, we have been using rulers to measure in inches and centimeters. In writing, we finished a few opinion pieces such as favorite animals for a pet. Plus, we recently began informative writing. We tied it into our study of continents by researching one of the seven continents and writing about it. In social studies, we looked at our classroom globes and created our own maps using a title, key, and compass rose. Science included two units! We sorted

objects based on their properties of matter and strummed rubber bands as we learned about vibration. We also did a force and motion lab discovering friction. We celebrated reaching our January and February AR goals and did reader's theater in preparation for seeing the high school performance of "Fiddler on the Roof."

The elementary students have been busy in counseling learning about careers. Kindergarten started the month of January learning about "community helpers" and hearing some of the jobs that are available at our school and beyond. Then they put on their detective hats and used clues hidden inside poems to figure out which careers were being described. They finished out the unit by creating their own books of careers to take home and share with their families.

First grade started with a review of the careers they learned about last year by participating in career stations. In small groups they talked about the tools and vehicles used by different workers and matched up different community helpers with others that they work with. First grade also finished their career unit by creating a book, using clues about tools and uniforms to figure out which worker was being described.

Second grade took a different approach to careers, learning about the 6 career paths. They started by taking a survey to determine which career path they might fit in based on their interests. Once they had some information about each path, they worked in groups with students who shared their interests to decide which careers they might some day find interesting. Second grade finished the unit by sharing their discussions with the rest of the class.

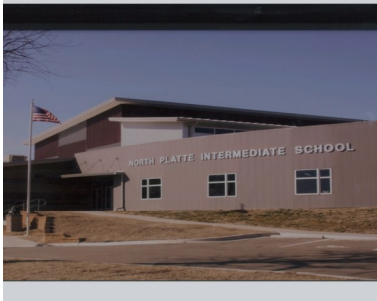

(Continued on page 5)

(Continued from page 4)

The PE classes had been having lots of fun. We just finished the "Healthy Heart Month" of February with some jump roping. The classes just started working with our rock wall, getting the kids prepped for a spring and summer of outdoor activities like climbing trees, running around and exploring.

We are looking forward to a busy first quarter next year. We will have an optional kindergarten screening the week of August 10th. Please call into the office, 816-450-3344 option 1, if you would like to make an appointment. Orientation night for PreK- 2nd will be August 20th at 6:30 at the elementary. We hope to see everyone there. Have a safe summer and remember to have your kids to keep reading!

Mrs. Kellie Goodlet

Intermediate

Another quarter has ended at North Platte Intermediate School. The building finished third quarter with 143 students enrolled. NPI has held many events including Kindness Week, Spelling Bee Finals, skating, AR parties, Talent Show, NPIS Play and Math Contest preparation.

Parent-Teacher conferences took place on February 13th at NPI. Staff and parents met to discuss student progress

and development. NPI Staff thanks our parents for building partnerships with our teachers.

The week of February 17th students and staff participated in Kindness Week. Students were given kindness challenges by Mrs. Lammoglia to complete each day. Some of the challenges included during the week were leave a kind note, smile at 20 teachers, kindness station, give 5 sincere compliments, pass it on, and say something positive. When students completed the challenge, they made a kindness link to put in the school Kindness Chain.

On February 20th the NPJH and NPI District Spelling Bee was held in the high school gym. Overall, eight 5th grade students and two alternates advanced to the District Spelling Bee. Students who advanced were; Devin Navarro, Carson Adkins, Michael Heath, Jillian Jones, Destiny Harrison, Hudson Buckler, MaKenna Scoggins, Emily Goodlet, First Alternate: Kevin Zager, Second Alternate: Emma Crawford. MaKenna Scoggins won second place overall. Hudson Buckler, Emily Goodlet, and Michael Heath finished in the top 10 spellers.

The annual NPI Talent Show occurred on March 3rd. This was the first year that the third-grade students participated in the talent show. Overall, we had thirteen 3rd-5th grade student acts presented for the event. Some of the acts included dancing, singing, instrumental music, juggling, cheer/pom, and record-breaking challenges. Students performed their acts in the afternoon at school and in the evening for parents/patrons. The staff entered a singing video for the afternoon showing for the students. Staff and students worked very hard

to make this event possible for our students. NPI would like to thank Mrs. Lammoglia for organizing the event, staff assistance, and the many volunteers who helped make the show possible.

The fifth-grade students have been working in counseling on identifying their career clusters. Students completed an interest inventory with Mrs. Lammoglia to determine their most compatible career cluster. On March 5th the fifth-grade students completed career interviews with members of their career interest. Students will use their interview information and research to conduct a career fair for the school latter in May.

The third annual Math Contest is underway and students have begun practicing. There are 30 students who qualified for the math contest in the 3rd-5th grade.

Mrs. Kelly Downing

Junior High

When we left our school on March 11, none of us expected that we would not return for the remainder of the school year. I want to thank you for your patience as we worked together to ensure our students remained engaged in learning while finding balance for families during the last quarter.

The Junior High Winter Sports Awards and dance were held on February 7. There was a great turnout for both events and fun was had by all.

Junior high students participated in the North Platte Spelling Bee held on Tuesday, February 27. The students placed as follows: Brenden Matt placed 1st with Makenna Scoggins as runner-up, 3rd Grant Schuster, 4th Hudson Buckler, 5th Alex Morse, 6th

(Continued on page 6)

(Continued from page 5)

Jax Carpenter, 7th Emily Goodlet, 8th Michael Heath, 9th Westin Snook, and 10th Brooke Kretzer. Congratulations to all our spellers.

The junior high faculty selected Emma Barrows and Ayden Jones as January's students of the month for exhibiting cooperation with the staff and student body. Kate Wolf and Wyatt Spradlin were chosen as the February students of the month for being trustworthy.

The junior high academic bowl team completed their season on February 11. The teams competed against the other seven KCI Conference schools and had a great season while exhibiting a wealth of knowledge over a variety of subjects. Denise Scarlett was the sponsor of the academic bowl teams this year.

Nine North Platte Junior High Students attended the MCTM Middle School Regional Mathematics Contest at Maryville Middle School on February 15, 2020. The students worked very hard and did an outstanding job. Galen Christiansen qualified for the State Mathematics Contest and tested at home on his computer in late March.

Junior High had 84 students miss one or less days in the third quarter. The following junior high students also had perfect attendance for the year: Elizabeth Archer, Jackson Cassity, Galen Christiansen, Grady Coons, Brianna DeBord, Noah Heckman, Camryn Kersten, Ryleigh Kidwell, Jade Leopard, Wyatt Spradlin, Nic Stewart, Owen Stockbauer, Kahner Tabor, Marissa Wortham, and Mya Yarc.

We will continue to communicate through social media

platforms and encourage you to join Remind App for junior high information. Please email michelle.johnson@nppanthers.org for further instruction on the Remind App.

School will begin next year on Monday, August 24. Junior high registration will be held on Thursday, August 20 from 5:30 – 8:00 pm in the high school commons. Sixth graders and new students to the district are asked to attend beginning at 5:30 pm followed by seventh and eighth graders at 6:30 pm. Students will have the opportunity to register, pick up schedules, take school pictures, tour the new building, and meet their teachers.

The North Platte Junior High staff would like to thank our students, parents, and community members for their continued support the last two months.

Mrs. Michelle Johnson

High School

When we left our school on March 11, none of us expected that we would not return for the remainder of the school year. I want to thank you for your patience as we worked together to ensure our students remained engaged in learning while finding balance for families during the last quarter.

On February 11, North Platte hosted the East Buchanan Bulldogs for our Winter Sports Festival. Frankie Davis was crowned queen and Dayne Carpenter was crowned king, while McKenzie Brockhoff was crowned princess and Zach Beatty was crowned prince.

Our FBLA organization, led by Mrs. Paula Johnson, has been very active this year at the high school. Congratulations to the following FBLA contest winners who all qualified in FBLA District competition giving them the opportunity to compete in the state contest in March: Jakob Scroggins - Business Calculations; Reece Hinton - Business Calculations; Jordyn Smith - Insurance & Risk Management; Thomas Beale - Computer Problems Solving; Savannah Lingle - Health Care Administration; Allison Morelock - Introduction to Business; Carly Hinton - Introduction FBLA; McKenzie Brockhoff - Spreadsheet Applications. On March 10, FBLA held their own "Amazing Race" during the morning meeting. The students had a lot of fun!

Our FFA had a full day of learning new ideas and farming practices at the Farm Show in Kansas City on February 2. FFA students traveled to Lathrop on March 9 for a competition.

On March 11, the high school held winter sports awards. Our student-athletes were recognized for their hard work and successes for the past season in basketball, wrestling, speech and debate, and cheerleading. Haley Sampson, Loren Patee, Clayton Rotterman, and Seth Cruz qualified for state wrestling. All of our student-athletes are to be commended for their hard work and great representation of North Platte

(Continued on page 7)

this past year.

Musical Director Karen Tollefson with help from Summer Richardson, Heather McCoy, Sheri Kerns, and Joe Fedrizzi worked on the production of "Fiddler on the Roof". The three performances were held in the junior high gym on March 6 and 7 beginning at 7:00 pm Friday and Saturday and a Saturday afternoon performance at 1 pm.

Congratulations to the following Hillyard students who placed at the SkillsUSA District competition: Brandon Miller, Gold-Carpentry; Savannah Lingle, Gold-Basic Health Care; Nelson McCracken, Bronze-Machining; and Savannah Lingle, Bronze-Health Knowledge Bowl.

We had had 82 high school students miss one or less days in the third quarter and the following will be shown to have perfect attendance for the entire year: Brianna Bridger, Zachariah Dutcher, Faith Gannaway, Karli Guinn, Brooke Meadows, Wesley Meadows, Mason Rose, Jacob Sample, Wyatt Stapleton, Matthew Stark, and Kaitlynn Tolbert.

The annual Senior Scholarship Awards Night was held on March 30, via Zoom. We had a great turn out with the chance to publicly celebrate with our students, as they received scholarships for post high school education. North Platte Foundation dispersed a little over \$29,000 to the 24 students who applied for the scholarships.

North Platte honored the senior class by turning the football stadium lights on every Friday night beginning April 10 through May 8, which would have been the seniors last day of school. The lights were turned on at 8:20 pm, which is 20:20 in military time and the

lights were left on for 20 minute and 20 seconds.

The seniors were also honored by having their Senior Slide Show picture placed on the North Platte Facebook page. Two student photos were posted to Facebook daily to honor all 37 seniors in the class of 2020.

North Platte will hold its annual Junior/Senior Prom on July 18 at the Dearborn Community Center with After Prom being held at North Platte High School. Graduation will be held at the high school on July 26 beginning at 2:00 pm.

We will continue to communicate through social media platforms and encourage you to join Remind App for high school information. Please email michelle.johnson@nppanthers.org for further instruction on the Remind App.

School will begin next year on Monday, August 24. High school registration will be held on Thursday, August 13 in the high school commons. Students will have the opportunity to register, pick up schedules, and take school pictures.

The North Platte High School staff would like to thank our students, parents, and community members for their continued support the last two months.

Mrs. Michelle Johnson
