

Suicide Awareness and Prevention
S-190-P

The District must strive to ensure students are safe at school, in part, by implementing suicide awareness and prevention programs and responding to students who are at possible risk of suicide. Efforts will include, but are not limited to, training and education for District employees, identifying students at possible risk of suicide, implementing strategies for helping students at possible risk of suicide, and creating protocols for responding to a suicide. The District authorizes the Superintendent or designee to develop procedures to prevent, assess risk for, intervene, and respond to suicide.
